

Join me LIVE for an evening designed to jump-start your growth - and the growth of your business - in the New Year....

JUMP-START YOUR BUSINESS. . . JUMP-START YOUR ABUNDANCE!

Thursday, January 19th 6:30 - 9:30 p.m.
The Hilton Garden Inn - Oakdale, Minnesota

I'm Teresa Romain, home-based entrepreneur, speaker, trainer and prosperity & personal growth coach. Let me tell you - bottom line - why I decided to offer this evening workshop and what you can expect if you choose to attend.

BECAUSE I WANT YOU - AND YOUR BUSINESS - TO GROW AND THRIVE.

And the reason I've decided to offer this workshop NOW is because **the beginning of the New Year is such a critical time in the life of your business.**

If you're like me and so many entrepreneurs I've worked with (full- and part-time), this is a time of year when you are excited about your business. You have dreams and goals and you are making plans for the success you want (or hope) to achieve in the New Year. You might be thinking "THIS year it's going to happen" or "THIS year is going to be different". Or you might be telling yourself "THIS is the year that I'm going to finally achieve that goal OR I'm going to achieve \$\$\$\$ in sales OR I'm going to be profitable or my business is going to be debt-free". **And I want THIS year to be different for you.**

I - LIKE YOU - WANT THIS YEAR TO BE A YEAR OF GROWTH AND PROGRESS, PROSPERITY AND ABUNDANCE FOR YOU AND YOUR BUSINESS.

But I also know that, **unless you change the way you approach this New Year - from the goals you set to the actions you choose to take to the way you respond to progress (or lack thereof) - the New Year of 2012 probably won't be as different or as prosperous as you want.** The clarity, enthusiasm and commitment you have today might begin to fade in the face of frustration, challenges, and/or less-than-desired results. You'll have a harder time staying in action - with your motor running. Or you might actually achieve some of your goals - but then may find yourself unable to sustain or build upon your success going forward. You'll lose power. And you might pay a bigger price than you want to achieve those goals - in terms of your overall experience of health, well-being and abundance. You'll burn out.

But it doesn't have to be like that. **This New Year CAN be different - it can be a year of profitability, prosperity and abundance.** But only if the way you go about growing your business is **built upon a solid foundation of knowledge, skills and principles** that support you to access and experience the abundance and success you most desire.

THESE ARE SIMPLE PRINCIPLES TO UNDERSTAND... THEY ARE PROFITABLE & PROSPEROUS TO PRACTICE...

Which is why I made the decision to offer this evening of training - specifically for entrepreneurs - at the beginning of this New Year. During the course of the three hours we will spend together, I will introduce you to the foundational principles for JUMP-STARTING your business, your growth and your abundance that most entrepreneurs either don't know or continue to ignore.

WHAT YOU CAN LOOK FORWARD TO...

By the time this evening ends, you will have had the opportunity to learn, practice and even experience...

- **The Eight (8) Stages of Growth and Abundance** - what they are, how they apply to the success of business and which stage you are in. With this knowledge, you'll be able to customize your action plans and support systems based on the needs of the stage your business is in.
- How and why **changing your understanding of scarcity and abundance** is the first step in breaking free of the scarcity patterns that limit the growth and success of your business.
- How to **avoid THE most common "scarcity trap" entrepreneurs** fall into - a trap that robs you of consistency, productivity and ease
- **The Principles of Duplication and Sustainability** - what they are and why they are so essential for you to continue to experience growth, prosperity and ease in your business and your life.
- **The Jell-O® Salad Approach to Growth** - what it is, how it works, how you can apply it in your business and why it is so important for your ongoing growth and success
- The **"Weal" of Abundance for Business** - this prototype for prosperity and profitability will become both the catalyst and compass for your own growth and that of your business
